Security that's second to none

TravelMate P645 executive notebooks were designed with a full range of built-in security and reliability features to help provide peace of mind to demanding, on-the-go business professionals. These are the highlights:

- Standard **two-year limited warranty³** contributes to the notebook's long and dependable working life.
- Acer Bio-Protection **Fingerprint Reader** recognizes an individual's unique fingerprint and stops unauthorized access to the notebook.
- TPM (**Trusted Platform Module**), an embedded chip, supports user and machine authentication to be sure that only authorized users and PCs are on the network.
- Acer **DustDefender** resists the accumulation of dust in the system.
- **Spill-resistant keyboard** helps to prevent damage due to accidental spills.
- The resilient black **aluminum-magnesium alloy chassis** with a carbon cover helps to protect vital components.
- Enhanced DASP (**Disk Anti-Shock Protection**) provides all-around suspension of the solid state drive inside a sturdy enclosure, resulting in a significant improvement in the prevention of SSD failure.
- Acer **ProShield Security Manager** encrypts and stores critical files.
- **EPEAT® Gold** registration means reduced environmental impact.
- **Intel® vPro Technology**, available on one model, provides robust security and remote manageability.
